

Issuing driving passes

- Driving permits are issued by the representatives of Boliden Harjavalta / Nornickel Harjavalta Oy, or an installation supervisor authorised by them.
- Driving permits are applied for during annual maintenance through the **Zeroni** system.
- Emergency vehicles do not need a separate driving pass. Vehicles that must be weighed or that carry goods with a consignment note have a vehicle identification for opening the gate. Long-term driving passes are valid for one year after which they must be re-applied.

General information about driving passes

- Make sure that you have completed the safety orientation for STP drivers and that it is valid (is a requirement for issuing a driving pass)
- The orientation for drivers can be completed in =>Perehdytykset – Harjavallan Suurteollisuuspuisto (Orientations – Harjavallan Suurteollisuuspuisto)
- Driving is only permitted with vehicles that have received a driving permit
- A driving pass is issued for transporting goods and/or tools.
- A driving pass can be issued for one vehicle per company (service vehicles).
- A driving pass application must be filled for every vehicle. The following information is entered in the driving pass application: the name of the company, the name and telephone number of the applicant, and the type and registration number of the vehicle.
- The pass can be issued only if the condition of the vehicle complies with the requirements set forth in the Road Traffic Act.
- The companies operating in the Suurteollisuuspuisto area are not responsible for any harm or damage caused to the vehicles or the people inside them in the plant area.
- Emergency vehicles do not need a separate driving pass.

How to use your driving pass

- Always stop at the gate and show your driving pass to the security guards.
- Keep the driving pass on the windscreen in a visible position with the number side up so that it can be easily read from the outside of the vehicle.
- Be prepared for a vehicle inspection at the main gate or in the plant area. A driving pass cannot be obtained without a consent to a vehicle inspection.
- Do not use your vehicle for bringing unauthorised persons / persons without a valid access pass to the plant area.
- Park your vehicle in permitted parking spaces only (marked with “P”). Unloading can be done at the work site but the driver must stay near the vehicle in case it must be moved.
- Comply with the Road Traffic Act and observe the speed limits in the plant area.
- Use low beam headlights.
